

Dow B. Stough, MD, CPI

Curriculum Vitae

Rev. 1/5/2015

THE DERMATOLOGY CLINIC

3633 Central Avenue, Suite N
Hot Springs, AR 71913
(501) 623-6100

EDUCATION:

Dr. Dow Stough is a renowned surgeon known for his expertise in hair transplantation and Mohs micrographic surgery. He has received accolades for his work in the field of dermatologic surgery, including hair restoration surgery. Dr. Stough is a Fellow with the AAD (American Academy of Dermatology), co-founder of the ISHRS (International Society of Hair Restoration Surgery), Diplomate of the American Board of Dermatology, member of the IRB (Investigational Review Board), as well as belonging to many other noted societies.

Dr. Stough is also extensively involved in drug research and development, and works as a Certified Physician Investigator.

After graduating from UAMS in 1984, Dr. Stough began a Fellowship at Baptist Hospital in Memphis, TN. He went into private practice in his hometown of Hot Springs, AR in 1988.

OFFICE LOCATIONS:

The Dermatology Clinic /
Burke Pharmaceutical Research
3633 Central Avenue
Hot Springs, Arkansas, 71913

The Stough Hair Center
3600 Gaston Avenue
Suite 1058, Wadley Tower
Dallas, TX 75246

LICENSURE:

Arkansas, New York, Texas, Florida, Oklahoma

BOARD CERTIFICATION:

Diplomate of the American Board of Dermatology – Recertified through 2020

CERTIFICATION:

Association of Clinical Research Professionals, Certified Clinical Trial Investigator, March 2004 to present

MEMBERSHIPS:

(AAD) American Academy of Dermatology ~ Fellow 1988 to present
(ACRP) Association of Clinical Research Professionals 2004 to present

(**ADS**) Arkansas Dermatological Society 1988 to present
(**AMS**) Arkansas Medical Society 1988 to present
(**ASDS**) American Society for Dermatologic Surgery ~ Honorary Fellow ~ 1992 to present
(**ASMS**) American Society for Mohs Surgery - December 1993 to present
(**FMA**) Florida Medical Association - 2009
(**GCMS**) Garland County Medical Society 1988 to present
(**HF**) Hair Foundation – Initial Board Member, Exploratory Committee
(**ISHRS**) International Society of Hair Restoration Surgery Member 1993 to present
(**ISHRS**) Int'l Society of Hair Restoration Surg., Founder/Past Presidents Committee (1993-94)
(**ISHRS**) International Society of Hair Restoration Surgery Scientific Research, Grants & Awards Committee

APPOINTMENTS:

Board of Trustees, Hair Foundation, March 2006 to present
Editor Emeritus, The Forum 2005
Co-Editor, *ISHRS Forum* International Newsletter, 1999 - 2001
Contributing Editor, Peer Review Panel, *Cosmetic Dermatology*, March 1997 to present
Contributing Editor, Peer Review Panel, *Archives of Dermatology*
Contributing Editor of *Dermatologic Surgery*, November 1996 - present
Clinical Assistant Professor of Dermatology – (UAMS) University of Arkansas for Medical Sciences, Little Rock, Arkansas, 1988 – present

PRIVILEGES / AFFILIATIONS:

Active Staff, St. Vincent Hospital, Hot Springs, AR - 1988 to present
Courtesy Staff, Baylor University Medical Center, Dallas, TX - 1988 to present
Courtesy Staff, (UAMS) University of Arkansas Medical Sciences, Department of Dermatology, Little Rock, AR - 1988 to present

ACHIEVEMENTS:

AAAHC – Accreditation Association for Ambulatory Health Care, Inc., 2003 – 2012 (Spring Creek Surgery Center)
Texas Medical Association, CME Course, “Medical Ethics for the Practicing Physician”, April 11, 2002
“ACLS - Advanced Cardiac Life Support, Certificate of Achievement”, 2001 – present

Winner of the “Golden Follicle Award” at the 7th Annual Meeting of the International Society of Hair Restoration Surgery, San Francisco, October 1999. Award given based on the most significant scientific contribution to the field of hair restoration surgery.
Dow B. Stough, M.D., Course Director and Speaker, Hair Replacement Surgery Live Workshop, 1996 to present.
Recipient of the Dermatology Resident Publication Award given annually by *CUTIS Medical Journal*, fall 1989.
Cosmetic Surgery Fellowship sponsored by the American Academy of Cosmetic Surgeons at the Stough Dermatology and Dermatologic Plastic Surgery Clinic, June 1988 - June 1989.
Research project finalist in a national contest sponsored by Westwood Pharmaceuticals. Project titled "Modification of a Trypsin-Detergent Method for DNA Flow Cytometry of Human Epidermis," March 1988.

CLINICAL TRIALS:

Experienced in Phase I, II, III & IV Studies

Phase II - Effect of Finasteride on Male Pattern Baldness
Phase III - Effects of Low Doses of Finasteride in Male Patients with Androgenetic Alopecia
Phase IV - Topical Treatment for Subjects with Eczema
Phase IV - PUVA in Patients with Psoriasis not Adequately Responsive to Topical Steroids
Lyme Disease, Prevalence in Central Arkansas; Study Conducted w/ Center for Disease Control
Phase III - Treatment by Injection for Basal Cell Carcinoma
Phase IV - Topical Treatment of Acne Rosacea
Phase III - Oral Medication for Subjects with Male Pattern Baldness
Phase III - Topical Treatment of Actinic Keratosis
Phase III - Topical Treatment of Atopic Dermatitis
Phase III - Finasteride Male Pattern Hair Loss Study
Phase III - Topical Treatment of Moderate Acne Vulgaris
Phase III - Topical Treatment of Plaque Psoriasis
Phase II - Topical Treatment of Subjects with Moderate to Severe Rosacea
Phase III - Study of Topical Treatment for Tinea Versicolor

Phase III - I.V. Treatment for Subjects with Moderate to Severe Psoriasis
Effect of Finasteride on Identical Male Twins with Male Pattern Baldness
Phase IV - Topical Treatment for Tinea Cruris in Pediatric Patients
Phase III - Topical Treatment for Tinea Cruris in Adult Patients
Phase III - Topical Treatment for Skin Infections
Phase III - Topical Treatment for Scalp Psoriasis
Phase IV – Topical Treatment for Plaque Psoriasis
Topical Treatment for Pediatric Patients with Atopic Dermatitis
Phase II – Infusion Treatment for Severe Plaque Psoriasis
Phase III – IM Treatment for Plaque Psoriasis
Phase III – Topical Treatment for Acne Rosacea
Phase II – Topical Treatment for Actinic Keratosis
Phase III – Topical Treatment for Tinea Versicolor
Phase II – Topical Treatment for Genital Herpes
Phase II – Oral Treatment for Androgenetic Alopecia
Phase III – Topical Treatment for Basal Cell Carcinoma
Phase III – Topical Treatment for Atopic Dermatitis in Pediatric Patients
Phase III – Topical Treatment for Onychomycosis
Phase III – Intralesional Treatment for Plaque Psoriasis
Phase III – Topical Treatment for Superficial Basal Cell Carcinoma
Phase II – Oral Treatment for Acne Vulgaris
Phase II – Oral Treatment for Plaque Psoriasis
Phase III – Topical Treatment for Psoriasis
Validation Study for Alopecia
Phase III – Topical Treatment for Acne Vulgaris
Phase III B – Oral Treatment for Herpes Labialis
Phase IV – Topical Treatment for Identical Twins with Actinic Damage
Phase IV – Oral Treatment for Identical Twins with Male Pattern Hair Loss
Phase IV – IV Treatment for Skin Infection
Phase IV – Oral Treatment for Genital Herpes
Phase IV – SC Treatment for Subjects with Psoriatic Arthritis
Phase IV – Treatment for Subjects with Moderate to Severe Psoriasis
Phase III – Topical Treatment for Atopic Dermatitis
Phase IV – I.V. Treatment for subjects with Moderate to Severe Psoriasis
Phase III – Topical Treatment of Plaque Psoriasis in Adult Patients
Phase III – Combination Oral/Topical Treatment for Severe Acne Vulgaris
Phase III – Topical Treatment for Mild to Moderate Acne Vulgaris
Phase III – Treatment for Evaluation of Maintenance Therapy of Acne Vulgaris
Phase IV – Topical Treatment for Seborrheic Dermatitis on the Face
Phase IV – Topical Treatment for Actinic Keratosis
Phase IV – Topical Treatment for Solar Lentiginosities
Phase I/II Topical Treatment for Onychomycosis
Phase III – Oral Treatment for Acne Vulgaris
Phase III – I.V. Treatment for Subjects with Moderate to Severe Plaque Psoriasis
Phase III – Topical Treatment for Pediatric Atopic Dermatitis
Phase III – Topical Treatment for Seborrheic Dermatitis
Phase III – Topical Treatment for Seborrheic Dermatitis, one-year study
Phase I – Nasal Spray in Pediatric Patients 6-11
Phase I – Bioequivalence study for healthy male subjects
Phase I – IV Treatment for Moderate to Severe Plaque Psoriasis
Phase II – Topical treatment for head lice
Phase II – Oral treatment for Type II Diabetes
Phase II – IM treatment for Type II Diabetes
Phase IV – Oral treatment for Pre Diabetics
Phase II – Oral treatment for Herpes Zoster
Phase IV – Topical treatment for facial moisturizer
Phase II – Topical biologic for the treatment of moderate to severe psoriasis
Phase III – Topical treatment for t. pedis

Phase I – Bioequivalence study for healthy female subjects
Phase I – Oral treatment for smoking cessation in adolescents
Phase II – PDT treatment for moderate to severe acne
Phase II - Topical treatment for Basal Cell Carcinoma
Phase II - Topical Treatment for squamous Cell Carcinoma
Phase III – Topical treatment for actinic keratosis
Phase II – Vaccine for Small Pox
Phase IV – Oral treatment for asthma in African Americans
Phase II – Oral treatment for moderate to severe psoriasis
Phase III – Topical treatment for actinic keratosis
Phase II – Oral treatment for atopic dermatitis
Phase II – Pharmacokinetic study of topical treatment for psoriasis in moderate to severe patients
Phase III – Topical treatment for atopic dermatitis
Phase II - Oral treatment for atopic dermatitis
Phase II – Oral treatment for allergic rhinitis in 6 – 11 month olds
Device – Laser hair treatment for alopecia
Comparative Efficacy and Safety of Spinosad and Permethrin Crème Rinses for Pediculosis Capitis (Head Lice)
Phase IV – Topical treatment for onychomycosis
Phase III – Oral treatment for severe nodulocystic acne
Phase III – Topical treatment for head lice
Phase III – Subcutaneous treatment for type II diabetes
Phase II – Topical treatment for facial psoriasis HPA study
Phase III – Topical treatment for actinic keratosis
Phase II, IV – Subcutaneous treatment for moderate to severe psoriasis
Phase II – Dose finding study for treatment of erythema

THE CLINICAL TRIALS LISTED ABOVE WERE CONDUCTED BY THE FOLLOWING COMPANIES:

Abgenix Pharmaceuticals, Alcon, Allergan, Altana, Amgen, Astellas, Astra Zenaca, Barrier Therapeutics, Inc., Bertek Pharmaceuticals, BioCryst, Biogen, Centocor, Clay Park Labs, Connetics, Concentrics Research, Covance, Cipher, Inc., Cypress Pharmaceuticals, Dermik Pharmaceuticals, DermTech, Dow Pharmaceuticals, DUSA, Eisai, Eli Lilly, Epiphany, Fujisawa, Galderma Laboratories, Hawthorne Pharmaceuticals, HealthPoint, Hill Dermaceuticals, Hoffman La Roche, Glaxo/SmithKline, Glaxo/Wellcome, Glenmark, ICN Pharmaceuticals, Icon, Leo Pharma, 3M Pharmaceuticals, Matrix Pharmaceuticals, Inc., MDS, Macro Chem, Matrix Pharmaceutival, Inc., Medicis, Merck Pharmaceuticals, NanoBio, Novartis Pharmaceuticals, Novum Research, OmniCare, ParaPro, Perrigo, Pfizer, Pharmacia/Upjohn, PharmaNet, PRA International, QUATRx Pharmaceuticals, Quintiles, Inc., Serono, Schering/Plough Pharmaceuticals, Smith/Kline Beecham, Spear Pharmaceuticals, Synta Pharmaceuticals, Corp., Target Research Associates, Therapeutics Inc., TKL, TolerRx Inc., Tolmar, Topical Solutions, Versicor, Watson Labs, and Xoma.

INDICATIONS

Male Pattern Hair loss	Pediatric Atopic Dermatitis	Atopic Dermatitis	Allergic Rhinitis
Tinea Versicolor	Type II Diabetes	Seasonal Allergies	Herpes Zoster
Tinea Pedis	Verrucae	Severe Plaque Psoriasis	Herpes Labialis
Basal Cell Carcinoma	Actinic Keratosis	Acne Vulgaris	Genital Herpes
Sun Damaged Skin	Alopecia	Skin Infection	Acne Rosacea
Lyme Disease	Onychomycosis	Mild to Moderate Psoriasis	Vaccines
Smoking Cessation	Pediculosis Capitis	Squamous Cell Carcinoma
